

Skincare Workshops

Sarah Siri Blejc
MPharm

Siriously Organic, guided by pharmacist Sarah Siri, is a natural skincare brand that believes in the synergy of pure natural ingredients. It's about sharing the knowledge and experiences with others, with the aim of raising awareness about your own needs and nature.

About

Workshops

Why a workshop

- Learning and practicing self-care.
- Learning and creating in a relaxed atmosphere.
- Bringing colleagues together.
- Encourage collaboration.
- Empowerment.

How it works

- Workshops are held by experienced pharmacist: 90 - 120 min.
- Learning about skin, natural skincare, sustainability.
- Creating a personalized product.
- Applying the knowledge and products into a daily routine.

What you get

- Tools, ingredients, packaging.
- Knowledge about ingredients and preparation techniques.
- Personalised product for you or as a gift for your beloved ones.

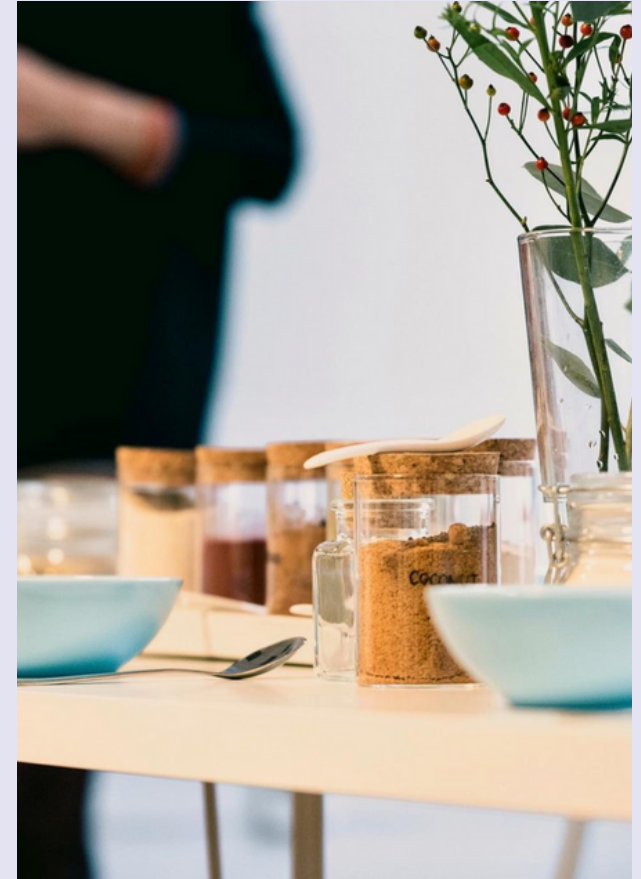

Create Herbal Mask

How it works

- Starting with a short meditation.
- Talk about skin's functions and characteristics, including a holistic approach to skincare and the different factors that affect it. Focus on different types of exfoliants and their use.
- Learn about our skin and some of the finest plant powders, organic clay, hydrosols, and other nourishing ingredients.
- Ending with a SPA retreat - learning how to use the product.

What you get

- Multifunctional Herbal Mask for approx. 10 uses.
- Knowledge about ingredients and preparation techniques.
- Tools and ingredients are included.
- Brochure.

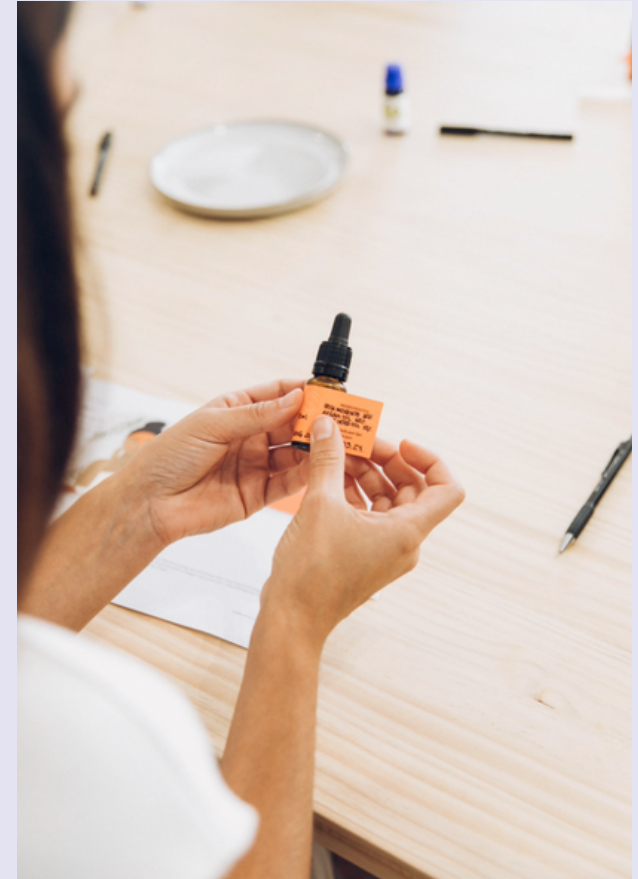

Create Organic Serum

How it works

- Starting with a short meditation.
- Discuss skin's functions and characteristics, including a holistic approach to skincare and the different factors that affect it. Focus on different types of moisturizers and their use.
- Learn about the finest plant oils, luxurious essential oils, and other nourishing natural ingredients.
- Ending with a SPA retreat - learning how to use the product.

What you get

- Natural face serum for a 3-month use.
- Knowledge about ingredients and preparation techniques.
- Tools and ingredients are included.
- Brochure.
